

Your Community BMP, Tree Species List

Fruit Trees, Fall 2019

Common Name	Self Pollinating	Tree Type	Native	Mature Height	Mature Spread	Growth Rate	Sun Exposure
Apple (Golden Delicious)	✓	Fruit	No	20' High	15' Spread	Medium	Full
Peach (Belle of Georgia)	✓	Fruit	No	20' High	15' Spread	Medium	Full
Peach (Red Haven)	✓	Fruit	No	20' High	15' Spread	Medium	Full
Pear (Asian)	✓	Fruit	No	20' High	15' Spread	Medium	Full

Although all species listed are self pollinating, it is suggested that fruit tree species be planted in multiples.

For more information contact Zach Norris, Watershed BMP Specialist, znorris@cacaponinstitute.org

All fruit trees are **\$30/tree**
